

rollin' on the river

An e-publication of the Mahoning River Corridor Initiative

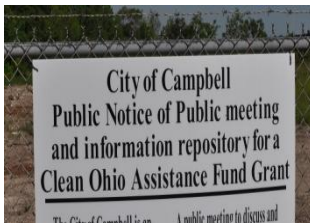

June 2010

Vol. 2 Issue 5

What's rollin'?

MRCI Meeting
Thursday, June 10, 2010
10:00 a.m. @ Eastgate RegionalCOG

In addition to a review and update of projects, special focus will be on how to best approach the HUD Sustainable Communities Grant Program, a preview of the MRCI web site "rollin' on the river" and the MRCI business/property owners seminar scheduled for September 16, 2010 at the new YSU Williamson College of Business.

City of Campbell Seeks Clean Ohio Grant

In conjunction with Sherman International, the City of Campbell has applied for a Clean Ohio Assistance Fund

grant to conduct a Phase 2 environmental assessment on approximately 40 acres in the corridor. A public hearing on the project will be held on Tuesday, June 22, 2010, 2:00 p.m. at Campbell City Administration Building. Recently, remediation was completed on an adjacent eight acre site owned by the City of Campbell.

Lower Connector Bridge Underway

Construction is underway on the lower connector bridge in the corridor between the cities of Struthers and Campbell. The new bridge will connect Bob

Cene Way to Casey Drive and Walton Ave. Bridge. Funding for the project was provided by a federal transportation earmark and ARRA.

Down by the Riverside

In conjunction with National Get Outdoors Day, the Mahoning River Consortium is encouraging residents of the Mahoning Valley to take part in a Riverside Picnic Day on Saturday, June 12, 2010. Visit and explore the river at:

Foster Park at 3940 Damascus-Newton Falls Rd., Newton Township.*

Rotary Park at Ticknor Avenue and First Street, Newton Falls.
